

# sustainable

## DuPage Area Engineers Week Speakers Forum

Join us on Thursday, February 21 at Illinois Institute of Technology's Rice Campus in Wheaton for a seminar on sustainable planning, design, development, and long term systems management in built and natural environments

Jim Pachett, President and Founder of the award-winning Conservation Design Forum will discuss a variety of "green infrastructure" practices including green roof systems, porous pavement, bio-retention systems, rainwater harvesting and reuse, and the integration of native landscapes. The Conservation Design Forum is responsible for the Chicago City Hall Green Rooftop Project.

Celebrate National Engineers Week and sustainable engineering with us Thursday, February 21 at Illinois Institute of Technology Rice Campus, 201 East Loop Rd., Wheaton. Light refreshments will be served at a 6:30 pm reception preceding the 7:15 pm seminar. 2 PDHs will be awarded.
